Greetings,

You are invited and encouraged to attend one of the Information Meetings scheduled between Monday, September 29 and Saturday, October 4. Enclosed with this letter you will find a list of the meetings with locations, dates, and times. A member of our Capital Campaign Leadership Team will be contacting you to confirm your attendance at one of the meetings.

Your attendance is very important. These Information Meetings are designed to share detailed information about replacing the current Christian Education building and making needed improvements to our main campus facilities. We have received the final report of cost estimates and design recommendations from our architect, Paul Matthews. These meetings are the primary avenue for us to share these plans, and the vision for ministry that stands behind them.

We will also outline the "With Open Arms" Capital Campaign which is designed to fund these projects. We will share why this program is so important and why your support is critical to our success. No financial commitment will be asked for or received at these meetings. However, the church will be called to prayer.

I hope that you will make it a priority to attend one of these Information Meetings as a demonstration of your commitment to the future mission and ministry of Millwood Presbyterian.

Sincerely,

Rev. Craig Goodwin
Pastor
