

Camp Spalding Scholarship Application for summer 2008

Please return this completed form to the church office with your registration to Camp Spalding. It is a priority of the session and Christian Education committee to help facilitate student participation in programs at Camp Spalding. We consider them partners in ministry and one of the ways we want to help is to make it more affordable to participate. In the past we have awarded everyone half scholarships. Because the cost of camp has gone up and the number of young people attending from our church has gone up, we cannot guarantee a half scholarship this year, but we do anticipate having enough funds to provide substantial financial help to all of the kids connected to MCPC.
